# POSITIVE THINKING EDUCATOR GUIDE

Positive thinking is a powerful tool that can improve your health, help you manage stress, overcome challenges, and make better choices. Everyone can benefit from improving their positive thinking skills! The idea is that by changing your thinking, you can control your emotions and your actions. Positive thinking skills often start with positive-self talk, which means using the voice in your head to say positive thoughts about yourself or a situation.

Use the list of 101 positive thoughts and affirmations with students by reading them, discussing how they might help, and identifying which phrases would work best. Have them choose their top 10 favorite positive affirmations from the list (or their own) and write these on the "My Positive Thoughts & Affirmations Worksheet".

Best of all, kids can read from the list of positive affirmations during times when they need extra support. They can use it to help them start their days on a positive note, before a stressful situation, when they are upset, or just to help them improve their mood.

| Nan         | ne:                                       |             | Date:                                    |
